Hurling tips:

For over 20 years, on an almost daily basis, DJ Carey hit the slotar, right side and left, against the outside wall of his house. His target was 300 contacts or (strikes) of the ball. Henry Shefflin did the exact same practice, aiming for 300-400 strikes on a daily basis.

The message above for Setanta boys and girls is a little practice is necessary almost every day to improve your skills.
